Engine Information

Engines: 1

Manufacturer: Yanmar

Model: 6LPA

Engine Type: I/O

Fuel Type: Diesel

DETAILED INFORMATION

OVERVIEW

Yanmar 315 HP 6LPA Diesel Engine (390 HRS) W/Yanmar ZT 370 Diesel Drive W/Warranty Thru 2015!!

This 28 Rabco was built in 1987 but was completely retrofitted in 2010. The only original part of the boat is the shell of the hull. All stringers, bulkheads, floor, transom, top cap, and rigging are new. The entire boat was painted in Awlgrip and is absolutely pristine. With over \$100,000 invested everything on this boat was done right.

The 315 Yanmar is a extremely efficient engine and provides an amazing 700+ mile range at 30 mph with the boats 215 gallon fuel tank. With today's fuel prices, this is the perfect boat for offshore fishing, running to the Keys, and island hopping in the Bahamas.

Anyone looking to purchase a diesel powered center console should take a strong look at this boat. She can be bought at a fraction of the restoration cost and the price of a new one. It is in showroom condition and you will not find a spec of corrosion anywhere. Anyone who looks at this boat will be absolutely amazed!
