# DETAILED INFORMATION

---

## OVERVIEW - COCKPIT, MAIN DECK, & CREWS' QUARTERS

---

The Owners of this custom-built MegaYacht recently invested over \$1.0 MM, in a complete Refit of the Interior, as well as other major Mechanical & Electrical systems.

The Interior itself saw a complete make over..With new carpet, a "KENZO-STYLE" Interior, New Sofas in the Main Salon, New Dining Area, and more.

At the aft end of this sleek 107-foot hull is the **Cruising Cockpit, which** provides access to the swim platform, and is perfect for scuba, fishing, and all the water sports.

The **Engine Room** is just forward and down a few steps through a water-tight door. The twin MWM-Deutz diesels (@ 1960 HP) were just majored, and have only 10 hours of running since. There are two new diesel gen sets (@ 50 kW), and the entire space has been detailed, including the installation of a new SS overhead.

Up a few steps on the starboard side of the cockpit, and you're on the spacious, full-width **Aft Deck**, with its large L-Shaped Settee, seating 10 guests comfortably, with a gleaming oval teak table - for dining or cocktails.

Forward and through a full-height sliding glass bulkhead, is the full-beam, 30 foot long **Main Salon**. With high headroom (almost 7 feet) and large windows, there is lots of light to illuminate several seating areas to entertain over 30 guests. To Port is a long, angled bar, with seating in comfortable custom-upholstered chairs.

To Starboard is a seating area and table for another 10 guests, and, at the forward end of the beautifully teak-paneled Salon is the Media/Conversation area - with two opposing sofas, separated by a round glass and teak table.

Just forward of the Main Salon, and to starboard is the **Day Head**, or Powder Room, moving further forward, and along a wide companionway, and past the Raised Pilot House, you enter the very comfortable and casual "**Country Kitchen**."

The full **Galley**, with all the necessary and latest appliances are built in along the aft bulkhead. A ceramic 4-burner, counter-top range and oven are built into a large granite top Center Island, which provides an efficient work area, and separates the Galley from the forward Banquette and L-Shaped Settee, with plenty of storage under.

Stairs to starboard lead to the **Crews' Quarters**, with a **Captain's S/R** and en-suite head and shower aft of the stairway. Another Crew S/R is forward and to Port, and there are two V-Berth and another head and shower forward.

---

## OVERVIEW: UPPER DECK - F/B & PILOT HOUSE

---

The Upper Deck has been remodeled to accommodate 40 guests in comfort and style.

The aft end of the **Flybridge** is now totally open, with all the Jet Skiis and other toys moved to the Forward Deck; the area is also covered in a newly built Hardtop.

The forward portion of the Flybridge is also covered, but with a traditional "Bimini Top," which is supported, in part, by a center Mast Island, which houses a refrigerator/Freezer, sink, and storage. Long, L-shaped seating is built in to port and starboard, with lots of storage under. The Helm Station is on the center-line, and stairs on the starboard side lead down to...

The **Raised Bridge or Pilot House**, which is located in the center of the vessel, but above the main deck, and which is the lower helm or steering station. A complete Electronics display is built in to the teak console, and a comfortable Bench Seat provides space for a few guests to observe the course of the Yacht while underway.

---

## LOWER ACCOMODATIONS

---

The **Master & Guest Staterooms** are accessed via an artistic Plexiglass and SS Handrail at the forward end of the Main Salon...

The full-beam **Master Stateroom** has a King Size Berth, with custom bedspread and shams, flanked by twin custom built-in nightstands, with burlled maple columns, and an upholstered headboard with burlled maple trim - fitted into the mirrored bulkhead behind the headboard.

The port side has a built-in settee, with maple dressers on each side.

To starboard is a vanity/desk, with dressers on each side. Two large (12" X 24") opening Port lights (which are large enough to use as escape hatches) are installed on each side, and provide natural light throughout.

There are "His & Her" Heads accessed through radius-top maple doors on either side of the Master Berth. In the center of the Master Head is a large jacuzzi tub/shower, with a glass enclosure on each side. The vanities tops are honeycomb granite, with "Botticino" marble inserts in shower and vanities. Faucets are chrome and chrome-plated.

There is recessed robe lighting and "Hunter-Douglas" roman shades, and large aromatic cedar closets. There is a built-in entertainment center, with a TV, Stereo. CD player, and dual speakers.

The **Starboard Guest Stateroom** features a Queen-Size berth, with custom bedspread, shams and headboard, with maple night stands with marble inserts on each side. There is a cedar-lined closet, and a full head and shower/with glass enclosure, and a sink built into a honeycomb granite vanity top. There is a build-in entertainment system, with a full A/V system.

Across the hall, is the **Port Guest Stateroom**, with Twin Berths - with custom bedspreads, shams, upholstered headboards, and storage under. Between the Berths is the entrance to the Port Guest Head, with marble top vanity, shower, and toilet.

There is a built-in entertainment center, with a TV and a full A/V system. There is a cedar-lined closet, and rope light for accent lighting.

Amidship and to starboard is the "**Children/Nanny Stateroom**" with an Upper and Lower Berths, and a cedar-lined hanging locker.

---

## Exclusions

---

Owner's personal belongings. Owner's personal toys, including but not limited Jet-skis, Tenders, Sea Bobs, Fishing & Diving equipment.

---
