SPECIFICATIONS

Overview

Fast and stable underway, luxurious and sexy while at anchor, PETRUS is the essence of yachting perfection. A 37 knot top speed allows you more time to enjoy the location, while getting there is half the fun. PETRUS has guest accommodations for six guests in three staterooms; a king size master, a double guest and a twin guest, all with ensuite heads.

Model: 16V

Fuel Type: Diesel

DETAILED INFORMATION

Vessel Walkthrough

PETRUS has a 19' beam that provides exceptional interior space for a boat with such aggressive styling. She has a full beam owner's stateroom with a large head, and two comfortable guest staterooms. One of the guest staterooms has a double berth and the other guest stateroom has twin berths and a pull-out berth. All have their own ensuite heads. She accommodates three in crew with an additional head. All the way forward on the main deck is the Helm, which is well equipped with appropriate electronics. There is a custom helm seat with electronic controls. Aft of the helm is the full wet bar complete with a sink, icemaker and a custom refrigerator. Aft are two very large U-shaped settees, and tables for cocktails, dining or observing. One of her most impressive features is the enormous electronic sliding hardtop. At the push of a button, the on-deck salon becomes "al fresco" dining for 10 people. Down a spiral staircase and below the main deck is a beautiful mahogany wood paneled Salon. To port she has a sofa with a large dining table. To starboard is a kidney-shaped sofa with three matching coffee tables. The salon also has a computer station, and the entertainment center includes an international VCR. Going forward to starboard is the Galley complete with high quality appliances. On the Aft Deck are two matching sun pads. Continuing aft and down either the port or starboard steps are the tender garage and swim platform. Here the passarelle also serves as the tender's davit. The tender is a 12' Novamarine hardbottom inflatable with 125 hp engine. Following the walk-around deck leads to the foredeck with her massive sun pad and a built-in sound system. ** PETRUS was constructed in 1999 by Cantieri Navale Arno in Italy in 1999, with naval architect Paolo Caliarì. The hull and superstructure are fiberglass.

Construction

** PETRUS was constructed in 1999 by Cantieri Navale Arno in Italy in 1999, with naval architect Paolo Caliarì. The hull and superstructure are fiberglass.

Engines

- Two (2) MTU 16V 2000, 1,800 HP each
- Port: 4783 hours
- Starboard: 4767 hours
- Arneson Drive ASD14 with 6-blade propellers
- Single fuel filter Separ water separator

Generators

- Two (2) 21 Kw Kohler 23EOZD

- Port: 1743 hours
- Starboard: 1747 hours
- 120 volt/240 volts AC
- 650 Hz at 1800 rpm
