Atlantic Boat Company has been building beautiful semi-custom yachts and work boats in New England since 1982. This timeless Spencer Lincoln designed Duffy 37 has been highly customized by the builder and her experienced owners.

Atlantic worked closed with Infinity and Beyond's owners in order to create the perfect couples cruising boat. Like all Duffy’s she is a true downeast hull design. The hull features a full keel with protected prop and rudder for a comfortable ride in almost all sea conditions. Her powerful 480hp Volvo Diesel will cruise her at 12-15 knots, wide open at 20 knots, or throttle her down and use her like a trawler and only use 1GPH.

Her modern galley up design, entry doors on three sides, and large master stateroom with separate shower make her unique compared to most of the 37’s that were built.

She is loaded with top of the line cruising gear and equipment. Every system has been carefully selected and installed with built in redundancy.

Infinity and Beyond is a beautiful boat. She will turn heads everywhere see goes with her timeless and classic style and comfortable cruising accommodations.

Simply put, this is a very special Duffy.

Highlights include:

- Dual Side Entry Doors to Port and Starboard
- Volvo TAMD75EDC Diesel, 480HP (1,200 hours)
- Bow Thruster (Sidepower)

Walk Through

Starting forward is the private owners cabin, featuring a large v-berth with drawer storage underneath. His and hers hanging lockers, and additional drawers to port and starboard. Moving aft to starboard is a large head with Corian counters, mirrored storage vanity, Vacuflush head, and a stainless steel sink and faucet. Opposite to port is a massive separate shower, equal in size to the head. Walking aft, up two steps gains access to the salon, galley, and lower helm area. There are heavy sliding doors to port and starboard and a teak hinged door leading to the cockpit. The lower helm offers two adjustable Stidd chairs to port and starboard.

Moving aft you enter the main salon area with an L-shaped dinette, with solid teak table to starboard, and a galley to port. The Galley is comfortable and well equipped with plenty of refrigeration and freezer capacity.

Entering the cockpit from the main teak doorway, there is a ice maker to port with a stainless BBQ stored above. The teak cockpit coaming is finished with Awl-wood, with a hinged tuna door in the transom. A solid teak swim platform is mounted to the stern, with underwater lights below.

A stainless steel ladder w/ King Starboard steps leads to the fly-bridge above. The fly-bridge features two more Stidd chairs, and an L-shapes settee. There is a mast with assorted electronic components and flag halyards. A blue Sunbrella bimini provides plenty of shade, and can be folded and stored when not needed.
