## Overview

### Major Price Reduction July 2010! Lowest Priced in the world!

This vessel has been maintained to the highest standards. Has just been detailed and shows great. In June 2010, the engines were serviced and received new exhaust manifolds and risers on both sides. She has new zincs and new tabs. She is turn key and ready to go! The owner has changed his style of boating and wants a vessel that is suited strictly for offshore fishing. This style of Carver allows you to enjoy the built in versatility of a raised pilot-house layout. In 1999, Carver redesigned this model and the galley and dinette were moved aft into the salon, allowing the bridge deck to become the salon. The salon is extremely large and great for entertaining. The staterooms are forward and the boat has 6' 5" headroom throughout. The large flybridge and aft deck make entertaining a pleasure. She is ready for that Bahamas trip!

## Accommodations

---

Center line sliding door and screen allows you to enter the cabin from the cockpit. Immediately to port is the u-shaped dinette and the galley. The entertainment center is across on the starboard side. Moving forward puts you in the large and open salon area that has a reclining sofa and comfortable chair. The entire cabin/salon has 360 degrees of windows that gives you plenty of light and a vast open area. Down a few steps you will find the guest quarters to port, head to starboard and master forward with an island queen berth. The fly bridge and cockpit are large with molded steps on both sides leading to the gunnels and bow of the boat. This vessel includes a transom door and a wide swim platform with a ladder.
