SPECIFICATIONS

Overview

Whether trolling, drifting or anchoring, every offshore fishing excursion requires a stable platform and plenty of uncluttered fishing space. With these thoughts in mind, check out the Dorado 40. Standard features include: live well and fish box on both sides of the boat. Put the A/C on and bring the family along keeping them protected and comfortable in the airy full cabin. And if it is storage that you require, no other sportfish boat can compare to the Dorado 40 in her class. You have a full v-berth forward, enclosed head and even more dry storage space for comfortable over-night or, extended outings. Comfort: The hull design provides a seaworthy ride whether in rough waters or resting. With an extremely sharp entry, you will have an extremely smooth, pound-free ride. It has a fairly flat trailing edge which gives you stability at rest. Again, with the full cabin, you can shelter your family as well as keep them in with the action! Style: The lines of the Dorado 40 are of a classic, traditional style.
