Features

With twin Volvo diesels, 370 HP each, and Volvo IPS propulsion, the Osprey offers exhilarating speed and acceleration. Manoeuvring is easy thanks to the Volvo Joystick option. All systems are monitored on the single, large, LCD screen in front of the driver. This Osprey is only one year old, has only 5 hours on the engines and can be had right now due to relocation of owner!

She is very complete, really the nicest spec ever delivered by the yard. Dutch superyacht quality, only equalled by the likes of Feadship and Huisman and they recognize it too!!
