**Water Capacity:** 62 Gallons

**Fuel Capacity:** 227 Gallons

## Hull and Deck Information

---

**Hull Material:** Composite

**Hull Configuration:** Catamaran

## Engine Information

---

**Engines:** 2

**Manufacturer:** Yanmar

**Engine Type:** Inboard

**Fuel Type:** Diesel

## DETAILED INFORMATION

### Features

The all new **HIGHLAND 35** is replacing the popular GREENLAND 34 and is the result of a new generation of trawlers launched by the Fountaine Pajot shipyard. Ergonomic design and beautiful styling are by Oliver Flahault and reflect many innovations in the present trawler market. The Highland 36 is a very comfortable vessel, but can handle rough seas with confidence. She is fully composite infusion built and her high tech structure is the strongest method in building a catamaran. Featuring a vast aft cockpit, an open and airy floorplan, the HIGHLAND 35 has spacious cabins with impressive volumes for her size. Her fine flying bridge provides commanding views, can seat 6 people and has a very large sunbathing mattress. There is an optional inside steering station in the forward part of the saloon. Once again, the yard's successful principle applies - the cockpit is reserved for leisure and entertaining whilst the cabins in the passageways afford privacy. The optional owner's suite to starboard is finished in a high gloss sycamore wood and features a head with a separate shower facility. Clients can order either the 3 cabin/ 2head layout or the private version, with a luxurious owners suite in the starboard hull.

### Specifications and Equipment

**GENERAL SPECIFICATIONS** : LOA : 10.35 m / 34 ft Bmax : 4.40 m / 14.43 ft Draft: 0.95 m / 3.12 ft Air clearance : With mast : 4.20 m / 13.78 ft Mast + windshield taken down : 3.25 m / 10.66 ft Engines: 2 x 75 hp Tank capacities: Freshwater: 300 l (approx.) Fuel: 2 x 400 l (approx.) Boat CE certification : category B: 8 persons, category C: 12 persons (in progress) Architects : Joubert / Nivel
