SPECIFICATIONS

Overview

Atlantis Yachts, Inc. with shipyard facilities in Vancouver, B.C., Canada, built high-tech cruising catamaran motoryachts which are extremely roomy, comfortable and stable. Quiet and economical to operate, these semi-displacement designs not only function extremely well at sea, but look fabulous and provide luxurious accommodations.

Initially having produced the MANTA 52, Atlantis Yachts has since delivered an 85-footer, now in the Caribbean, and also launched a 72 foot PowerCatamaran motoryacht now based in South Florida.

All Atlantis catamarans are built using the latest fiberglass laminating techniques as pioneered in the aerospace industry. Interiors are finished to high yacht standards in a variety of beautiful hardwoods, leather, and fabrics. Sophisticated navigation systems have been installed in all vessels.

This yard's management and construction team was highly motivated to produce power-catamarans of only the highest quality. At the same time, methods of reducing construction costs were devised which provide the new owner exceptional value for his investment. **To respond the current market conditions, and to underscore his desire for a sale, the owner has just reduced his asking price by \$100,000 to \$695,000**

Basic Information

Category: Catamaran

Model Year: 2000

Year Built: 2000

Country: United States

Fly Bridge: Yes

Dimensions

LOA: 52' 0" (15.85m)

Beam: 21' 11" (6.66m)

Min Draft: 4' 3" (1.27m)

Clearance: 20' 0" (6.10m)

Speed, Capacities and Weight

Cruise Speed: 20 Kts. (23 MPH)

Max Speed: 27 Kts. (31 MPH)

Water Capacity: 385 Gallons

Holding Tank: 80 Gallons

Fuel Capacity: 575 Gallons

Hull and Deck Information

Hull Material: Fiberglass

Hull Designer: Malcolm Tennant

Engine Information

Engines: 2

Manufacturer: Yanmar

Model: 6LYA-STE

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION
